

## A Little "Time Off" For Your Stomach

Will accomplish wonders—in indigestion and dyspepsia. Kodol gives your stomach "time off" by digesting your food while the stomach rests.

Kodol thus digests food, for the simple reason that it contains all of the elements essential to food digestion. It would be impossible for it to not digest food.

You know that decaying food is extremely poisonous. Where, then, could decaying food be any more dangerous than lying on the human stomach? Bad enough if indigestion and dyspepsia were the worst results. But they are not.

When food doesn't digest, it forms into hard, lump masses. These irritate the tender linings of the stomach and intestines, and sometimes even cancer of the stomach is caused. Chronic forms of dyspepsia are quite certain to result.

There is nothing secret about Kodol. As stated, it merely contains all the natural digestive elements. It is made in a liquid form so that it can contain all these.

In this respect it differs from ordinary pepsin tablets and other partial digesters, which embody

only one or two of the digestive elements. Kodol is a complete digester. That is why it is so invaluable in any ailment, resulting from bad indigestion.

Then again, some of these tablets containing soda or magnesia are quite harmful, if continuously used. They tend to choke up the lining of the stomach and destroy the digestive glands. They are injurious to the kidneys.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

### AMUSEMENTS

#### The Orpheum.

The four Andersons, comedy sketch comedians, Kelly and Lewis, novelty gymnasts, and Delavoy and Frits, in an amusing trick house comedy act, are still attracting crowded houses at each of the four daily shows at the Orpheum. An unusually large audience attended the first show last night and standing room was at a premium before the moving picture was run.

The Anderson children, regarded in vaudeville theatrical circles as the leading juveniles in the business, are proving a sensation, and justly so. Their work merits it.

#### "The Girls and Dada."

By special request "The Girls and Dada," one of the most laughable and up-to-date moving pictures ever witnessed in Pensacola, will be repeated at each of the performances today at the Bijou. Yesterday was the first time the scene had ever been witnessed in the city and it made a hit from the jump.

The vaudeville acts now being put on at the Bijou are about the best ever seen at that theatre, and have packed the house at each performance. The Marshalls will be exceptionally good and have met with hearty applause at each performance.

The show as a whole this week is excellent, every attraction being a high-priced one.

Tom Adams, colored, who was shot in the back, just below the waist line, during a pistol duel between himself and Deputy Sheriff Archie Bowman at Molino last Tuesday night, was brought here yesterday morning and locked up in the county jail. The negro's wound is not considered dangerous.

The deputy had placed the negro under arrest on the charge of train riding and in his effort to escape he fired two shots at the officer. A revolver found on the negro showed that two out of six cartridges had been exploded.

The first report of the shooting, received here Tuesday night, stated that the negro died from the effects of his wound.
